

Greetings from Scotland to the VIII Congress of the Estat Català from the Free Scotland Party ([www.freescotlandparty.org](http://www.freescotlandparty.org)), we are two years old, you are much older but wherever we are or how old we are, we all have to work against the machinations of centrist governments who will use every trick in the book to thwart the legitimate aims and aspirations of the peoples of our country. I wish you all good fortune.

I also wish Barça the best of luck tonight against Chelsea.

All the best  
Brian Nugent
